This study programme offers:

- Small groups (maximum 12 people)
- Tailored vocational training
- Integral work experience
- Maths and English skills
- Employability skills training
- A choice of four different L2 certificates:-
 - Children's and Young Person Workforce
 - Business and Admin
 - Customer Services

This training gives you a real alternative to school or college – particularly if you feel more comfortable in small groups. If you wish to get ahead in the world of work, you will gain real-world regular work experience. Or, if your school-leaving qualifications do not reflect your functional skills in maths or English, this study programme will allow you to demonstrate your improvement.

During training, you will be fully supported by [In2Skills](http://www.in2skills.eu) and our team.
